

POWERPRENEUR™

Nation Builders. Wealth Creators. Job Providers.

The Powerpreneur programme inspires students to discover passions and create real value and make a difference with them.

By honing entrepreneurial mindsets, as well as skills like problem-solving, resourcefulness, and effective communication, students gain the tools and know-how to navigate an ever-changing world.

The programme also provides mentorship and collaborations with real-world entrepreneurs, giving our budding entrepreneurs valuable insights and guidance to become the next job creators of the future.

**The Powerpreneur Programme is our vehicle
for enriching children with entrepreneurial
skills and experience, through:**

Facilitate turning their ideas into a business that creates massive value for people.

Utilise gamified and thematic entrepreneurial education techniques.

Mentorship and training for budding entrepreneurs, to gain valuable insight and guidance.

Dig deep with the kids to identify their passion.

TESTIMONIALS

"As a parent and entrepreneur, I believe in Dwi Emas' education system because it equips kids with the skills and mindset needed to thrive in today's ever-changing world. The school has truly impressed me with their innovative and nurturing approach to education and I wholeheartedly recommend it to parents who want their children to receive a truly enriching education."

- Nelson Liew, Founder and CEO of Vanilla Mille Crepe Sdn Bhd

"It's amazing to see how young minds are developed to be creative and productive here. I know that Dwi Emas International School will take my son to the next level in achieving greatness and I am proud to say that I have found the perfect school that balances education and at the same time, sharpens the students' creative minds!"

- Dazrin Kamarudin, Malaysian Actor and Parent from Dwi Emas

A safe space for students to test ideas and make mistakes - so navigating failure becomes a norm when they go out into the real-world as entrepreneurs

WHY ENTREPRENEURSHIP?

Entrepreneurship isn't just about starting businesses – it's about shaping mindsets and building future-ready skills, such as:

- Critical problem-solving
- Resilience in the face of challenges
- Initiative to take action
- Self-awareness to lead with purpose

At **Dwi Emas**, we cultivate a **thriving entrepreneurial ecosystem** that is catered to empower students with lifelong abilities. Our students are not just learners – they are nation builders, wealth creators and job providers of the future.

HOW WE DO IT!

The Powerpreneur roadmap spans 8 levels of mastery over 11 years [yes, starting from Year 1!]. From age 7 onwards, our students begin as curious **“Explorers”** and gradually grow into visionary **“Masters”** – learning and evolving just like real-world entrepreneurs do.

Explorer	Builder	Creator	Launcher	Operator	Scaler	Innovator	Master
Problem spotting	Try & prototype	Solution design & validation	Market entry & MVP development	Launch, traction & operations	Growth systems & optimization	Strategic innovation & sustainability	Value creation mastery

Each year, our students revisit four core entrepreneurial pillars, growing in skills and impact as they mature

Problem-Solving

From spotting everyday challenges to designing complex, real-world solutions.

Value Creation

From helping those around them to making a mark on global markets & ecosystems.

Business Skills

From mastering the basics of trades and finance to leading strategy, scaling, and teams.

Entrepreneurial Mindset

From thinking “I can help” to confidently knowing “I create massive value.”
